ABADDON HAS SWALLOWED MORE THAN THREE-FOURTHS OF THE DAY; ERE LONG, IT WILL CEASE TO EXIST ENTIRELY, LEAVING ONLY UNENDING NIGHT.

WHILE MOST ARE BUT FERAL PACKS, MANY HAVE BEEN CONSCRIPTED AS WARRIORS IN SERVICE OF THE THOUSAND SPAWN OF ARMAGEDDON --

EACH IS A TRUE CHILD OF THEIR LATE SIRE'S COSMIC EVIL, WITH THE POTENTIAL TO BECOME AS GREAT A THREAT TO ALL LIFE AS HE.

Story so far...

The ultimate darkness has descended upon the Earth in the form of Abaddon, Incarnation of the Abyss. Since his ascendance, each day has grown shorter than the last, now there are but a scant few hours of day remaining. Soon, the tide of Eternal Night will sweep over the world. Charged by the Reaper himself with turning back the Dark Millennium in order to preserve the life he harvests, Lady Death must find a way to defeat Abaddon even as time grows perilously short...

E-mail letters to service@chaoscomics.com

Note the letters page name for the Lady Death series has changed. It will be thus named for the next 4 months on account of the letters page contest winner from the contest launched back in the Lady Death:Dark Millennium series. The prize for this astounding feat is a Lady Death 12" action figure. Congratulations Virgil!

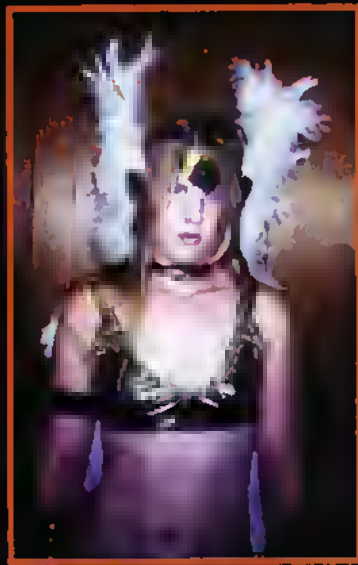

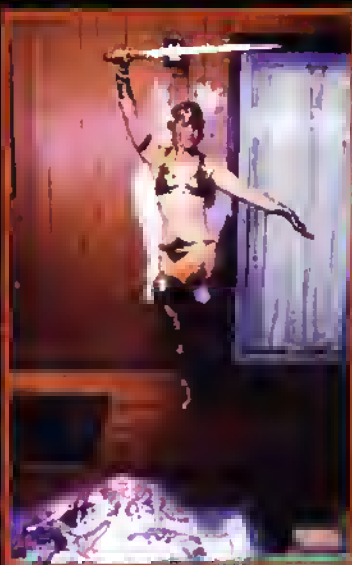

You've now got the distinct honor of being the first person I'm aware of who's dressed as Vandala... and a nice job you've done. I'm happy to see that this character inspired you. I suggest you tune in to her story as it weaves through the Lady Death storyline. What you saw in the one-shot was only the beginning. Her significance only broadens. Stay tuned.

Several months back, I had asked fiends to dress up as their favorite Chaos! characters and send us pictures. Well, as usual, the fiends responded. The feature of the letters page this month will be on those people, the ones who dare to emulate the Chaos! characters.

Let us begin with a letter from Kytty Dunne:

Well, as I was making my usual rounds at the comic shop, I happened to see a copy of Chastity vs. Purgatori. "Hmm...", I thought to myself, "I've always liked Chastity fairly well and I've always wanted to read a story with Purgatori in it, because she looks like a neat character so why not?" And so on that fateful day I picked it up. When I was done reading it however, I saw something fascinating in the back. A costume "contest" featuring Chaos! characters. "Alright!", said I to myself. Being an avid costumer (w/ approximately 20 various anime and video game girl costumes under my belt) how could I possibly pass this opportunity up?! Then, I ran into a problem...I don't know any Chaos! characters besides Chas and Purgi and of course the all famous Lady D. I thought about doing Purgi for awhile, but total red body paint just didn't appeal to me...same deal with Lady Death and the white body paint. Chastity really doesn't look anything like me at all. "What should I do?," I asked myself...then it dawned on me..."hey didn't that other odd comic have the Chaos! stamp on it?" Sure enough, it did. I picked up Vandala on a whim...the character looked neat, so maybe the story would be good. Unfortunately I was very disappointed. The story was almost non-existent and the lines were very corny, however the main character was still neat looking in my opinion. And so my fate was sealed...in the next week or so Vandala was born as a real live costume. *Laugh* You'd be surprised how much gold lamé so skimpy a costume requires. Enjoy!

Kytty Dunne

Staying with the theme, Ed Riordan sent in an awesome shot of himself in rather threatening circumstances. He's surrounded by Purgatori, Evil Ernie and Chastity. Just how long do you think he lasted? Thanks for the pics Ed!

From the Crypt

Okay here's a warning - I'm gonna be a salesman in this column. Why am I gonna sell you? Well, because I'm psyched about a series of premium comics I'm producing - the Chaos! Chromium cover series.

You may have noticed the dangerously dark Halloween #1 - chromium premium edition on stands. Doesn't that #%%! rule? How about Evil Ernie: Pieces of Me #1 - mega-premium edition in black & white chromium? That book kicks ass. Thing is, these books are relatively rare at 2,500 copies. Hell, Halloween is all but sold out (we have less than 100 as of this writing - and we don't expect them to last).

Coming this month, for you lady lovers we have two more chromium editions. The first is Lady Death: Tribulation #1 - chromium premium edition by Ivan Reis. Another beauty. Then we have Purgatori #1/2 featuring Purgatori dressed in Egyptian ceremonial garb.

It just keep getting better. In December, we offer comic distributors Untold Tales of Lady Death #1 - chromium edition, but if you want to get your copy sooner, we have them available in house NOW! Rounding out our collection is our sixth and final chromium cover, Chastity #1/2 by Peter Vale. A stunner.

Forgive me for being a sales guy here, but I love these covers and I believe they make a great holiday gift item for yourself - or someone special in your life and at \$15.95 apiece, they're a steal! Get all six of them at your local comic shop - or by calling 1-888-CHAOS13 - or on-line at chaos-store.com.

Oh yeah, speaking of our on-line store get this. Starting October 1 and onward, The Vault of Chaos! is open for business. Yup, you can get ultra-rare items that we have less than 100 of (most time a lot less than 100). This is stuff you rarely see! In fact, we haven't offered most of it in any catalog or on-line before. This is gonna be a great Chaos! holiday season.

Sworn,
Brian Pulido

Who is Bad Kitty?

The time has come Fiends! In the tradition of Lady Death, Purgatori and Chastity, Brian Pulido has once again gone back to the drawing board to create another stunning new female character - Bad Kitty! Who is she? The woman who would become Bad Kitty was once a good New Orleans cop, surrounded by the corruption of the Big Easy. Forced from the force, she'd turned over a new leaf and given up her life as a cop. She moved to the hills of northern Louisiana. All was good until a malevolent supernatural force killed a loved one, and pulled her back to the evil soul of New Orleans. How far will she go for revenge and redemption and what will she uncover?

"The reason I'm launching Bad Kitty is I want to take a character, force her into circumstances where she is tempted to give in to violence to exact her own justice," Brian says. "She was happy, then it was all robbed from her. What will she do? Also, I'm fascinated with New Orleans and voodoo, so this was a great excuse to explore that stuff. Finally, I've been reading lots of crime fiction lately and I want to put my own spin on the genre, throwing in some action and supernatural elements."

Brian also says to expect Bad Kitty to follow in the classic Chaos! format of stunning femme fatales. "We know that fans love our supernatural female characters," Brian adds. "Kitty is a anti-hero, not unlike Charles Bronson in Deathwish, but she has a heart. If you liked my other creations like Lady Death,

Purgatori and Chastity you won't be disappointed - this is just what's on my mind these days."

And if you think the story and its main character sound like something, wait until you see the art by Adriano Batista, inks by Curtis Arnold and colors by Drew - Bad Kitty is going to be worth your short wait!

To keep the pot as sweet as possible, we'll be offering two versions of Bad Kitty #1, the regular version, and a jaw-dropping erotic premium cover, with Kitty covered only by her trusty black cat. Oh yeah....!

ICP - Entering the Home Stretch

ICP: The Pendulum #7, "Pendulum's Promise" is headed your way in January, Fiends - and you know what that means - the wildest, rip-snortiest, show in comics is slowly headed towards its cataclysmic finale with #12! These issues are already getting hard to find, so you'll want to be sure to grab #7 and find out just what the hell everyone is making such a noise over.

In this issue, Shaggy 2 Dope and Violent J go head to head against the warriors of the shadow realm known only as Twiztid! But others from the series' run are showing up for the battle as well, including The Stress Team who are looking for a little payback on the Wicked Clownz' ass! Meanwhile, a new threat is on the rise in the Clownz' world - is this the ultimate puppet master who's been pulling the strings all along? There's only one way to find out - grab ICP: The Pendulum #7 and

hold on for one hell of a ride!

Christmas Chaos! Goodies

Don't forget the Chaos! Fiends on your holiday gift lists this December! We're offering up a three piece black shot glass set with all new Chaos! art, as well as vanity plates for your ride featuring the logos of Lady Death, Chastity and Purgatori. Check out www.chaoscomics.com for the low-down and ordering information!

Lady Death Does the Swimsuit Thang

Forget about the cold days of January - that's not happening this year thanks to Lady Death Swimsuit 2001 #1, featuring Lady Death in a variety of poses and outfits, each one more alluring than the last.

Running a full 32 pages, the issue features a full on series of some of the hottest Lady Death artwork you're ever going to see, anywhere, showing the Diva of Death wearing as little as you'll ever see! Some suits are so small they'll require a microscope! And keeping true to the spirit of the issue, we'll offer two versions, a regular and a premium cover, with a special Hollywood-themed image. It'll blow you away!

The Importance of Ordering Early

Hey Fiends, remember - it's up to you to make sure you get your Chaos! books, so every month when that issue of Diamond Previews comes out, be sure to order the

goods you want your retailer to sell you. Otherwise, how are they going to know you want 'em? It's easy - just write the item code, name and quantity down on the insert order form, and you'll be set to receive Chaos! goodies - guaranteed! Never be hurt by sell-outs or under-ordering again!

The Chaos! of Things to Come!

So who says the end is near? It sure as hell ain't us. With 2000 wrapping up, we're busy with our plans for 2001! We've got Bad Kitty coming your way in January. Jade gets the spotlight in April and a host of other new Chaos! characters will debut throughout the year - all lovely ladies in the Chaos! mold - deadly, sultry, and full of attitude.

We're already planning our themed February, "Love Bites" books - love comes looking and finds Lady Death, Purgatori and Chastity. Three touching stories about love with a definite Chaos! twist.

That's far from being it, Fiends. We're set to jump into fantasy with a project we're calling Legend of the Sage. It's a mystical tale that takes place between two different worlds. Anyone who enjoys a powerful story that includes elements of enchantment, wizardry, and mystery will definitely connect with its characters.

Then, of course, we'll have loads of new merchandise coming your way in the new year, as well as more movie and music tie-ins. The new, Dark Millennium is here to stay Fiends!
